Becoming A Member

As a business and as a person living and working in Southeast Alaska, your voice is very important.

We count on your support to maintain and improve the economic development and the sustainability of Southeast Alaska's way of life.

Together we are far stronger than we ever could be individually.

Join your voice with ours and many others by visiting:

Here are just a few of the many reasons to become a member of Southeast Conference:

- **Stay on top of the industries that matter most to you by attending the regular committee meetings.**
- **Current developments and highlights on events affecting our region are included in our monthly email newsletter.**
- **Continued listing of your business or organization in our newsletter and website membership directories.**
- **Your vote is valuable for the annual Board of Directors' election and other key issues.**
- **SEC will advocate for you for economic development interests in the legislative and policy issues that impact Southeast Alaska.**
- **Enjoy the regional and statewide networking opportunities available during our Annual Membership Meeting in September and the Mid-Session Summit in March.**

Formed in 1958

Southeast Conference was initially formed as an association of communities specifically joined to advocate for establishment of the Alaska Marine Highway System. While our commitment to its ongoing development and efficient operation continues, Southeast Conference has greatly expanded both its membership base & its overall mission.

Still Going Strong in 2011-12

Today, Southeast Conference is a regional, non-profit corporation that advances the collective interests of the people, communities, and businesses in southeast Alaska. Our members include municipalities, Native corporations and village councils, regional and local businesses, major statewide and national corporations, civic organizations and individuals from throughout the region. Southeast Conference is the State-designated Alaska Regional Development Organization (ARDOR), and the federally-designated Economic Development District (EDD). These designations require Southeast Conference to take an active role in regional resource management and economic development planning.

Be Your Own Boss Workshop, March 2008
