## Southeast Conference Scholarship Program

Southeast Conference believes an educated workforce and opportunities for lifelong learning are critical to the region's future and recognizes the important role of the University of Alaska Southeast (UAS) as both an economic engine and a key player in workforce development.

In 1992, Southeast Conference, in partnership with UAS, established a scholarship program to support residents of the region pursuing educational and career goals consistent with the organization's objectives. Scholar-

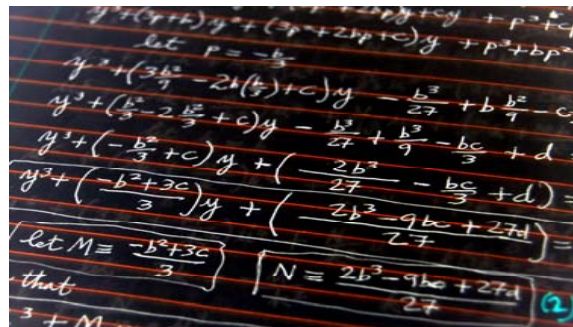

ship funds have been raised through an auction that is generously supported by individuals and businesses throughout Southeast Alaska and conducted each year at the Southeast Conference Annual Membership Meeting.

### Who May Apply

Applicants must be Southeast Alaska residents who are enrolled at the University of Alaska Southeast Juneau, Ketchikan or Sitka Campus. Applicants should demonstrate motivation, academic and leadership potential, and must be in good academic standing with a minimum 3.0 GPA. Applicants should be committed to the development of business and commerce in SE Alaska. Applicants for this scholarship must complete a supplemental application.

### The Selection Process

A Southeast Conference / UAS committee will review applications, and will select recipients on such factors as academic achievement, financial need, and the type of degree or certificate program in which the applicant is enrolled. Most favorable consideration is given to those enrolled in programs that support, or are consistent with, the goals of Southeast Conference. Consideration is additionally given to applicants' understanding of the region's economic base and to their potential for contributing to the betterment of Southeast Alaska. Successful applicants must meet all current UAS financial aid requirements.
