

**SOUTHEAST
ALASKA**
TRANSPORTATION PLAN

Breakout Session Preview

Jill Melcher, Planning Chief DOT&PF
Southcoast Region

Southeast Alaska Transportation Plan Update

- 20-year multimodal plan to guide future public investments in transportation infrastructure in Southeast Alaska
- Improve mobility for residents, goods, and services throughout Southeast Alaska, considering area's unique transportation needs and challenges
- Includes all transportation modes, will integrate with the recently adopted Alaska Marine Highway System Long-Range Plan
- Last update was adopted in 2004, so a lot of changes to consider!
